

The resources on our site are primarily from Rev. Diane Chapin, as an aspect of a very highly developed spiritual resource: The Buddha Consciousness.

They are, as are all the references we advocate, topically oriented, non sectarian, spiritual self-help materials which are intended to expand the awareness of your consciousness at the Soul level.

THE BUDDHA CONSCIOUSNESS

Spirit is not religious and neither is anything on this website. We promote ONLY general spiritual principles, but at very deep levels. Our purposes are to: (1) help with the upliftment of mankind through self-empowerment, (2) accelerate the spiritual development of each individual, and (3) answer our universal quest for our place in the Universe and the God within.

BOOKS & ARTICLES:

There are many books available through our site, periodically we will offer free materials. Rev Diane Chapin authored 11 books with the Buddha Consciousness (TBC). We invite you, to post your books as a resource for others to discover. We believe that spiritual information should serve to better understand our life and our life's tasks and thereby achieve fun and success in life more easily.

TOOLS & IDEAS:

Tools are different for each person, depending on where they are on their spiritual path. Spiritual work is the process of inner awakening, and becoming conscious of our inner being. It means the rising of the consciousness beyond the ordinary existence, and awakening to some Universal truths. It means going beyond the mind and the ego and realizing who you really are - from your heart.

CONNECTIONS:

Spiritual growth is of great importance for everyone. It is the basis for a better and more harmonious life, a life free of tension, fear, and anxiety. It helps us learn not to let circumstances influence our inner being and state of mind. As we develop on our individual path, so does our inner power and strength, all of which are very useful and important tools for our every day lifestyle.
