

The Power of Enlightenment

One of the changes that has come about in the last few decades of spiritual advancement on earth is the effectiveness of coordinated group meditation. From *Kryon, The End Times*, p.105-106, a mathematical formula can be applied to equate the power of a group of enlightened meditators (aligned, balanced, in touch with the guides) to a random non-enlightened group.

# enlightened meditators	Power	Result, vs. unenlightened (X) meditators
x	x/3	x^(x/3)
